

Susquehanna Workforce Centers provide a wide variety of services for job seekers to connect with employment opportunities and elevate their career potential. The centers knowledgeable and professionally certified staff offer job seeker resources that assist residents with résumé preparation, career exploration, occupational skill development and job search strategies. Relationships with a variety of partner programs and organizations allow us to connect job seekers to additional resources that can help advance their career.

### Principal Services

- **Job Search Services** - These include job search preparation, résumé writing, interviewing, and utilizing job search tools. Staff can provide expert advice in these areas.
- **Career Advising** - Center staff help job seekers utilize innovative tools to arrive at career decisions based on their interest, abilities, and opportunities.
- **Occupational Training and Skill Upgrades** - If job seekers need to increase their skills to become more competitive, financial assistance may be available for occupations in demand.
- **Seminars** - Seminars are provided throughout the month on Résumé Writing, Interviewing, Applying for Federal Jobs, LinkedIn and more.
- **Job Database** - The Maryland Workforce Exchange (<https://mwejobs.maryland.gov>) is the state database of jobs. It utilizes spider technology to compile job openings from multiple online databases.
- **Labor Market Information – Occupations in Demand** - Employment opportunities in the region are featured for occupations in demand and industries with growth potential.
- **Job Fairs and Recruitments** - The Workforce Centers host many job fairs throughout the year. Local companies regularly utilize our centers for employee recruitments.
- **Youth Services** – Career advising and workplace readiness services are offered to youth at the Workforce Centers. Summer and Entry Level Job Fairs are held throughout the year.
